THE SCHOOL BOARD OF MONROE COUNTY, FLORIDA

RESOLUTION NO. 656

WHEREAS, the Key Largo School (KLS) cafeteria has been the sole hurricane shelter on the island of Key Largo for many years; and

WHEREAS, the Monroe County School Board (MCSB) is overseeing major construction and renovation at KLS, including expansion of the cafeteria building; and

WHEREAS, the original building was never constructed to meet hurricane wind loads and cannot be used as a hurricane shelter any longer; and

WHEREAS, the non-educational cost of rebuilding the cafeteria to EHPA standards is estimated to be \$3.7M, most of which has no specific educational value; and

WHEREAS, it is the Monroe County Board of County Commissioners' (BOCC) responsibility to provide hurricane shelters in all unincorporated areas of the Keys; and

WHEREAS, the BOCC has participated in funding joint-use EHPA shelters at Poinciana Elementary School in Key West and Marathon High School in Marathon; and

WHEREAS, the timeline is very short to make major design changes to the facility,

NOW, THEREFORE, BE IT RESOLVED that the Monroe County School Board formally requests the BOCC determine:

- (1) Whether the island of Key Largo needs an EHPA hurricane shelter, and;
- (2) If needed, whether the BOCC chooses to partner with the MCSD on the KLS project; and
- (3) If needed, how the BOCC will fund its portion of the project.

PASSED AND DULY ADOPTED THIS 21ST DAY OF JULY, 2006.
